

St John
Bosco
College

6th Form

Philosophy and Ethics

Task

Research the following topics and then write one page (size 14 font) explaining what you know about the topic:

- The Design Argument (Paley's watch) for the existence of God.
- The Ontological Argument (St Anselm) for the existence of God.
- The Cosmological Argument (the third way) for the existence of God.
- The problem of evil and the Free Will Defence.
- How does Jeremy Bentham work out the morally right course of action?
- How does Immanuel Kant work out the morally right course of action?

These topics are difficult, and you should expect to struggle with understanding them but do not let that put you off.

Design a worksheet for each topic. The worksheet should be aimed at Yr 7 students so make sure to include pictures and quizzes.

Hand your work to me at the beginning of your first Philosophy and Ethics class.
