

## Command word taxonomy

The table below lists the command words that may be used in question papers for GCSE Business and an outline of what each type of question requires students to do.

Command word	This type of question will require students to:
<i>Multiple choice question</i>	select one or more correct answer from a choice of answers. These questions test recall of knowledge from the specification content
Define	define a term from the specification content
Give	give an answer testing recall of knowledge from the specification content
State	give an answer, no longer than a sentence, referring to a piece of contextual information from which students must select the answer
Identify	select the correct answer from reading a graph or table of data
Calculate	use mathematical skills to reach the answer, based on given data. Calculators may be used and workings should be given
Complete the table	work out the values missing from the presented table of data
Outline	give two linked points about a business concept or issue, placed in context in the question
Explain	give a statement of fact, with two further expansion points. These may expand on each other, or both from the same fact. There is no context in these questions
Discuss	write an extended answer, requiring expansion and exploration of a business concept or issue. These questions will not have context but students may bring one in for illustration purposes
Analyse	write an extended answer, requiring expansion and exploration of a business concept or issue. The answer will be placed in context by the question
Justify	write an extended answer, using information provided in order to recommend one of two options to a business owner
Evaluate	write an extended answer, using knowledge of specification content to reach a supported conclusion about a business situation.
