College

Are you qualifying as a teacher in Summer 2020?

We are a thriving Catholic school in Wandsworth with a supportive and nurturing ethos for both students and staff and are recruiting NQTs for September 2020. We were graded 'Outstanding' in our most recent Section 48 Inspection and, thanks to the expertise and commitment of our staff, our students make well above average progress in their GCSEs.

We are seeking NQTS in:

- > Maths
- > Science
- > Social Science
- > IT or Computing
- > Music
- > Religious Education

We have an outstanding NQT and whole staff CPD program.

We are committed to fully supporting all our staff, especially our NQTs and NQTs plus 1 with weekly CPD, personal mentoring and coaching and a dynamic whole school teaching and learning strategy. For 2020/21 only, to recognise the additional time and support NQTs will need following the disruption to training brought about by the closure of schools by the Covid closures, we are committing to providing additional training support and an additional reduction to teaching allocation to enable the time, support and resource for extended professional development in your first year of teaching.

We are a school with a strong Catholic ethos inspired by the Salesian approach of RUAH: Respect, Understanding, Affection and Humour which permeates all aspects of school life. It is worth knowing that many staff who train with us, or join us as NQTs, have stayed with us through the years and have progressed to all levels of school teaching and leadership; two of our SLT team started with us as NQTs!

Closing date for applications is 19th May 2020

If you are interested see further details on our website www.sjbc.wandsworth.sch.uk or email mansley@sjbc.wandsworth.sch.uk to arrange to speak to the Head of Department for your area or the Assistant Headteacher who leads on CPD for NQTs for further details.
