Dear Parents/Carers

Possession of Fireworks in school as well as whilst travelling to and from school

As we move into Autumn and local retailers start to stock fireworks it is important that as school and parents, we work together to ensure our children's safety.

Fireworks are hazardous items, the misuse of which can lead to serious injury as well as distress to those affected by them. If a student is found in possession of fireworks either in school or on the way to or from school, it is likely to result in a permanent exclusion for being in possession of a prohibited and dangerous item.

Any buying and selling of fireworks, setting off or attempting to set them off is also likely to result in a permanent exclusion.

Please ensure that your child is aware of the school's position and if they suspect that fireworks are being brought on site, please remind them that they have a responsibility to inform a member of staff to prevent serious harm or distress.

Yours faithfully

Paul Dunne
Headteacher
