GREAT GATSBY: THE BENCHMARKS

- 1 A STABLE CAREERS PROGRAMME**
Every school should have an embedded programme of career education and guidance that is known and understood by pupils, parents, teachers and employers.
- 2 LEARNING FROM CAREER AND LABOUR-MARKET INFORMATION**
Every pupil and their parents, should have access to good-quality information about future study options and labour market opportunities.
- 3 ADDRESSING THE NEEDS OF EACH PUPIL**
Opportunities for advice and support need to be tailored to the needs of each pupil. A school's careers programme should embed equality and diversity considerations throughout.
- 4 LINKING CURRICULUM LEARNING TO CAREERS**
All teachers should link curriculum learning with careers. For example, STEM subject teachers should highlight the relevance of STEM subjects for a wide range of future career paths.
- 5 ENCOUNTERS WITH EMPLOYERS AND EMPLOYEES**
Every pupil should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace.
- 6 EXPERIENCES OF WORKPLACES**
Every pupil should have first-hand experiences of the workplace through work visits, work shadowing and/or work experience.
- 7 ENCOUNTERS WITH FURTHER AND HIGHER EDUCATION**
All pupils should understand the full range of learning opportunities that are available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.
- 8 PERSONAL GUIDANCE**
Every pupil should have opportunities for guidance interviews with a careers adviser, who could be internal (a member of school staff) or external, provided they are trained to an appropriate level.
