

Accessibility Plan 2026-29

The governing board of St John Bosco College adopted this policy on February 2026.

Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

We are a Roman Catholic school community guided by the Spirit of God (RUAH) and following the example of St John Bosco. We aim to meet the needs of each child in our care and give them an education that enables them to fully develop and mature as individuals, as students and as members of a faith community so that they can achieve academic and personal success and understand how their education contributes to and supports society as a whole.

The mission statement of the school and its underlying ethos can be summarised by the acronym RUAH, Respect, Understanding, Affection and Humour. Underpinning these values are the notions of respect for everyone as created in the image and likeness of God and the dignity and value of the individual person.

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan and works closely with Governors, the Trustees and the Wandsworth Local Authority to ensure that support for all aspects of the plan are in place.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including governors, pupils and parents.

Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a ‘substantial’ and ‘long-term’ adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, ‘long-term’ is defined as ‘a year or more’ and ‘substantial’ is defined as ‘more than minor or trivial’. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make ‘reasonable adjustments’ for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Policy Name:	Accessibility Plan 2026-29
Statutory / non-statutory status:	Statutory
Review Frequency	Annually
Date approved by FGB Committee:	February 2026
Date of next review:	October 2029
